

Book 5: Platforms & Knowledge Flows in the Codex

Focuses on how the Codex integrates with iLRN's platforms and infrastructures for knowledge sharing.

- [Codex & Frame VR \(linkages to virtual campus experiences and maps\)](#)
- [Codex & Invision Community \(forums, discussions, and single-source knowledge transfer\)](#)
- [Codex & Repository \(bridging immersive experience collections into searchable structures\)](#)
- [Publications Archive \(peer-reviewed proceedings, indexing, and AI-ready knowledge sets\)](#)
- [Knowledge Interoperability \(linkages with BookStack, Zotero, RAG/AI retrieval pipelines\)](#)

Codex & Frame VR (linkages to virtual campus experiences and maps)

Codex & Invision Community
(forums, discussions, and single-
source knowledge transfer)

Codex & Repository (bridging
immersive experience
collections into searchable
structures)

Publications Archive (peer-reviewed proceedings, indexing, and AI-ready knowledge sets)

Knowledge Interoperability
(linkages with BookStack,
Zotero, RAG/AI retrieval
pipelines)
