

Immersive Learning Professional Competencies

- *Purpose:* Define the competencies required for immersive learning professionals across roles (educators, designers, technologists, researchers).
- *Content:* Drafts aligned with **IEEE Technical Committee on Immersive Learning Environments**, IBSTPI instructional design competencies, and related frameworks.
- *Lead Contributor(s):* iLRN Circle of Scholars; IEEE collaborators (e.g., Andreas Dengel, Christian Gutl) and IBSTPI (Matthew Schmidt)
