

10. Relationship to Books A–F

Books A through F operationalize these principles in different ways:

- A. Innovation Garden Overview & Strategy
Articulates shared purpose, metaphors, and long-term orientation.
- B. Design Patterns, Standards, and Practices
Translates principles into actionable, reviewable methods.
- C. Project Beds
Provides space for experimentation, iteration, and learning-in-action.
- D. Community Engagement & Capacity Building
Supports participation, mentorship, and stewardship pathways.
- E. Showcases, Evidence, and Garden Bounty
Curates outcomes with traceable lineage and public accountability.
- F. Virtual Labs
Anchors sustained inquiry, rigor, and institutional collaboration.

Together, these components form a coherent ecosystem designed to support open, plural, and responsible immersive learning development.
